The University of Sydney

Dear Peter,

I understand there is money available for research on such matters as childbirth through organizations associated with International Year for Women.

If you are interested in pursuing this topic, please let me know.

Personally, I think it would be a shame if you dropped it in favour of something else. Your thesis, in my opinion, was First Class Honours Standard. I would be glad to support you should you decide to continue this work at an empirical level.

Sincerely,
Les Piatt.
